

BOLD BLONDE TECHNIQUE

FORMULA 1

- AGEbeautiful Crème Lightener
- 20-volume AGEbeautiful Developer (1:1 mixing ratio)

FORMULA 2

- 2 oz. HLA AGEbeautiful Liqui-Creme Permanent Haircolor
- 2 oz. 40-Volume AGEbeautiful Developer

SCALP FORMULA (MIDDLE SECTION)

- 2 oz. 8A AGEbeautiful Liqui-Creme Permanent Haircolor
- 2 oz. 20-volume AGEbeautiful Developer

STEP 1

Take a fine slice parting beginning at the corner of the eye to just the top of the ear, and apply Formula 1 in foil.

STEP 2

Following the same diagonal pattern, take two additional fine slices ending near the temple area, and apply Formula 2 in these foils. Repeat steps 1 and 2 to opposite side of head.

STEP 3

Beginning at the front hairline, take a fine 2" wide slice and apply Formula 1 into a foil. Repeat for 1 – 2 additional foils.

STEP 4

Skipping some hair, take 2- 4 very fine 2" wide slices at the top center of the head and apply Formulas 1 & 2 alternating in foils.

STEP 5

Apply scalp formula to all new growth (roots) and process for 30 minutes. (You may need to remove the foils with crème lightener and wipe them off before the end of the 30 minute processing time.) When processing time is complete, rinse hair thoroughly, shampoo and condition.
