

**CURVES AHEAD PERM TECHNIQUE**

Try this faster-than-ever foil wrap technique for modern voluminous curls.

**STEP 1 - PREP**

Shampoo hair with Quantum Clarifying Shampoo and towel dry.

**STEP 2 - WRAPPINGS**

Start at the front hairline. Taking zig-zag partings, develop a base one diameter of the size of the foil tool. Wrap on base. Continue wrapping in this manner to the crown.

**STEP 2 - WRAPPINGS**

Moving to the side of the head, using zig-zag partings, continue wrapping hair and placing on base. Repeat on opposite side.

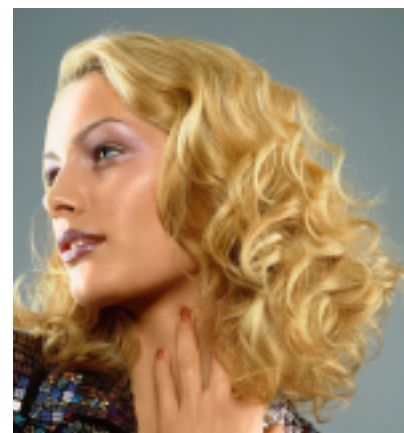

**STEP 2 - WRAPPINGS**

Nape area is wrapped in the same manner using a brick-layer effect.

**STEP 3 - PROCESSING**

Complete texture service according to Quantum 5 Extra Volume or Texture EFX directions.

**STEP 4 - STYLE AS DESIRED**

To get final look, air dry or style with hot rollers or curling iron.
